

## Business Lawyer

**Giffen LLP**, a well-established and respected firm based in Kitchener-Waterloo, is seeking an exceptional lawyer with 5-10+ years of solid business law experience. Some experience/interest in commercial/residential real estate, commercial tenancies and/or estate planning would be an asset (but not a requirement).

As the ideal candidate, you are personable, skilled and have a strong work ethic and commitment to client service and firm development. You would be encouraged to develop – or continue developing - your own practice. Admission to partnership at the appropriate time would be part of the plan.

We are located in the ever-growing Canada's Technology Triangle. This opportunity should appeal to local lawyers as well as commuters seeking a change from the hectic pace and congestion of the GTA. We take pride in providing top-notch service to our wide range of clients and enjoy a warm and collegial atmosphere, with considerable perks not available everywhere. In short – Giffen is a great team to join and a great place to be!

Apply in confidence with resume and references to our Office Manager, Lori Naylor, by email at [lln@GiffenLawyers.com](mailto:lln@GiffenLawyers.com).
